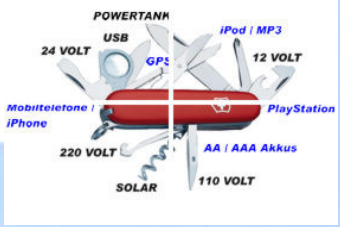
The Power of Innovation

SWISSCHARGER USC



All-in-One Charging System

Mobile Electronics is the biggest growth market of the world. These portable appliances, such as mobile phones, iPOD / iPhone, MP3, GPS Navigation devices and much more are accompanying us always and anywhere.

But these mobile all rounder need power and the corresponding rechargeable batteries do not last eternally. And exactly there the problem begins: Must we carry along the necessary charger for every single unit? And then also a couple of replacement batteries if there just is no AC-outlet around?

The solution from SIStech: The Universal SWISSCHARGER Charging System.

ONE SINGLE SYSTEM FOR THOUSANDS OF MODELS AND BRANDS - UNIVERSAL AND VERSATILE LIKE A SWISS POCKET KNIFE – FOR WORLDWIDE APPLICATION!

Contents of the SWISSCHARGER all-in-one Charging System:

Solar Charger SWISSSOLARCARD (included)

The now probably most powerful and robust Solar Charger.

- Triple Cell Technology – up to 40% better efficiency than previous solar cells
- Absolutely weatherproof, watertight, UV resistant, flexible, break proof, 1mm thin, 98gr. light…

Mobile POWERTANK L (included)

The all-round power reserve for on the way – never again empty batteries.

- Ultra light Lithium Ion High Power rechargeable battery 4400mAh - 16.3 Wh
- Small and light - - 2.8 x 4.2 x 9.5cm - 130gr.
- Automatic power electronics from SIStech - Protection against overcharging / fully discharging / short-circuit
- Impact-proof / splash-proof
- Integrated Power-LED Light
- Can be charged with SWISSSOLARCARD, AC, DC and USB Adapter

AC Charger (included)

- For worldwide use with any AC power socket.
- Automatic adaptation to all line voltages (100 - 240 Volts) and line frequencies (47 - 63 Hz)
- Intelligent ECO-Power Electronics (no power consumption in Stand-by)

DC / Car Charger (OPTIONALLY)

- Charger cable for connection to low voltage power sources (Car, truck, bus, boat, solar devices etc.)
- Automatic voltage adaptation 10 - 30 Volt

SIStech AG – Industrie Wandhuslen – CH 8608 Bubikon/Switzerland

The Power of Innovation

SWISSCHARGER USC

All-in-One Charging System

USB Cable (included)

- Charger cable with power supply from any USB Interface (PC, Laptop, Web book, Aircraft etc)

Power Adapter (included)

- More Selection of Power Adapters for Nokia, iPod, iPhone, Motorola, HTC, Blackberry, USB, USB-mini, USBmicro.
  Power Adapters can be ordered optionally

Technical Specifications SWISSSOLARCARD:

Output Voltage	:	5.5 Volt
Operating current	:	420mA
Output power	:	2,5 Wp
Dimensions	:	14,3 x 21,2cm (LxH)
Thickness	:	1mm
Weight	:	98 gr.

Technical Specifications POWERTANK:

Dimensions	:	2,8 x 4,2 x 9,5cm
Weight	:	130gr.
Input	:	DC 5.0 - 6.0 Volt
Output	:	DC 5.4 Volt / 700mA max.
Charging time	:	8 - 14h
Rechargeable Battery	:	Lithium Ion 4400mAh / 3.7V
Power	:	16.30 Wh
Cycles	:	500 Charge / Discharge Cycles
Light	:	3 x Power LED 45'000mcd / 6Lm
Operating Temperature	:	-18 bis 45° C
Storage Temperature	:	-18 bis 55° C
Power supplies	:	AC 100-240V / 5V / 600mA DC 11-30V / 5V / 600mA (optionally) USB 5.0V / 500mA
Color	:	Silver / Black
